

Science E

Physical Science, Energy in Ecosystems,
Earth and Space, and Engineering Design

Grade: 5-8 | Ages: 10-13

☐ **Physical Science, Energy in Ecosystems, Earth and Space, and Engineering Design**

4-Day program, omits 2 books

5-Day program includes all books

Science E Instructor's Guide

Choose 4- or 5-Day

☐ Includes the following resources for teaching all Science E subjects: full Schedule; Teaching Helps; student Activity Sheets; separate parent full answers and definitions; and much more. Ready for your binder.

Water

☐ Ever wondered why the sea is blue, how water drives our weather, or how water changes the earth's landscape? This eye-opening guide leads you to look at this slippery substance in a whole new way.

Listening to Crickets

☐ True story of Rachel Carson, a female award-winning author and marine biologist during the 1950s. Her love for nature and animals prompted the ecology movement.

How to Be Good at Science, Technology & Engineering

☐ Science is sorted, technology is untangled, and engineering is explained with this incredible visual guide for children.

Discover & Do Science:

Level E Supplies Kit

☐ Science experiments can easily get passed over in homeschooling homes. A Sonlight Science Supplies Kit helps you fit the experiments into your life. You won't ever need to skip an experiment because you're missing a cork, a marble, a magnet, a thumbtack, a tiny lightbulb. No need to make a run to the hardware store to buy a galvanized nail (and then realize that you actually have to buy a box of 10000, when you really need just one).

Discover & Do Science:

Level E Paper Packet

☐ One set of these consumable sheets is already included in Science E. You need one set per student.

(Consumable)

Discover & Do Science:

Level E Experiments

☐ Teach your child to be a scientist! 36 5th-grade homeschool experiments to direct your children's natural curiosity into the scientific process. Includes all experiments from Sonlight Science Level E.

5-Day program also includes ▼

Book of Astronomy and Space

☐ Usborne. An exciting look into the wonders of the galaxy for young readers. Each page is filled with facts about heavenly bodies; with spectacular full-color illustrations about the objects and mysteries of the cosmos. Pb. **RA:** 3-6; **R:** 4-6

National Geographic How Things Work

☐ Read along as National Geographic Kids unplugs, unravels, and reveals how things do what they do.
