Science F

Grade: 6-9 | Ages: 11-14

# Life Science

4-Day program, omits 1 books 5-Day program includes all books

## Science F Instructor's Guide

Choose 4- or 5-Day

Includes the following resources for teaching all Science F subjects: full Schedule; Teaching Helps; student Activity Sheets; separate parent full answers and definitions; and much more. Ready for your binder.

### Complete Book of the Human Body

Usborne. From bones to genes to body systems, birth to getting old, this book covers it all. Lavishly illus-trated, internet-linked, includes practical experiments. Pb, color illus.

## Super Simple Biology NEW!

Smithsonian. The ultimate study guide to biology. From reproduction to respiration and from enzymes to ecosystems, every topic in *Super Simple Biology* is fully illustrated to support the information, make the facts clear, and bring biology to life.

#### All in a Drop NEW!

Leeuwenhoek. By building his own microscope, Antony van Leeuwenhoek advanced humanity's understanding of our oft-invisible world around us. This full-color chapter book biography shows how a selftaught scientist was the first to observe the microbial life in and around us.

## Politically Incorrect Guide to Darwinism and Intelligent Design NEW!

Wells. Why Darwinism—like Marxism and Freudianism before it—is headed for extinction.

#### Discover & Do: Level F Science Experiments NEW!

Teach your child to be a scientist! 36 6th grade homeschool experiments to direct your children's natural curiosity into the scientific process.

## Discover & Do: Level F Experiments Paper Packet NEW!

Consumable. One set of these consumable sheets is already included in Science F. You need one set per student.

## Discover & Do: Science Supplies Kit F NEW!

The bits and pieces you need for Sonlight Homeschool Science F.

## 5-Day program also includes▼

## Are You What You Eat? NEW!

Help your child better understand how food fuels and effects our bodies in *Are You What You Eat?* a book that uses color and fun presentation to communicate nutritional information in a fun and eye-catching way. You'll teach your kids the basics about proteins, taste buds, antioxidants, and more food facts with this book.
