

Science F

Earth and Space Science

Grade: 6-9 | Ages: 11-14

☐ Earth and Space Science

4-Day program, omits 1 book
5-Day program includes all books

Science F Instructor's Guide

Choose 4- or 5-Day

☐ Includes the following resources for teaching all Science F subjects: full Schedule; Teaching Helps; student Activity Sheets; separate parent full answers and definitions; and much more. Ready for your binder.

Along Came Galileo **NEW!**

☐ Bendick. A key figure of the Renaissance, was constantly questioning the world around him—asking whether heat could be measured, if air could be weighed, and if the Earth was stationary or moving. His inquiries led to groundbreaking discoveries in astronomy, physics, mathematics, and the natural sciences.

Eyewitness: Universe **NEW!**

☐ DK. Take a visual tour of the Universe with this guide, exploring space exploration's impact on our understanding of the Sun, Solar System, planets, and stars. Perfect for captivating young readers.

Evolution: The Grand Experiment **NEW!**

☐ Werner. Scientists from both sides of the evolution debate, allowing readers to decide which view is most supported by evidence. With over 500 photos from 50 museums and dinosaur digs, it presents findings from a 30-year investigation that could challenge the foundations of our culture.

Garbage **NEW!**

☐ Latham. Along the way, kids explore the science of garbology, discover fascinating information archaeologists learn by excavating middens, and use projects to investigate the world of trash.

Usborne Weather & Climate Change **NEW!**

☐ Howell. Explains the natural forces behind the weather and investigates the conditions that may be bringing about changes in the climate.

Explanatorium of the Earth **NEW!**

☐ DK. Welcome to the Explanatorium, where the wonders of science are revealed. Watch as tectonic plates tear apart and collide. Witness the destructive power of earthquakes, tsunamis, and hurricanes.

Discover & Do: Level F Science Experiments **NEW!**

☐ Teach your child to be a scientist! 36 6th grade homeschool experiments to direct your children's natural curiosity into the scientific process.

Discover & Do: Level F Experiments Paper Packet **NEW!**

☐ Consumable. One set of these consumable sheets is already included in Science F. You need one set per student.

Discover & Do: Science Supplies Kit F **NEW!**

☐ The bits and pieces you need for Sonlight Homeschool Science F.

5-Day program also includes ▼

Water Cycles: The Source of Life From Start to Finish **NEW!**

☐ DK. From snowflakes falling from the clouds, deep ocean currents to hot springs, and water in space, this children's nature book showcases the beauty and power of water in the natural world.
