

What Is the Food Chain?

1. What is a food chain?

2. What is a "producer"?

3. What's a primary consumer, and can you give an example?

4. What comes next after primary consumers in a food chain?

5. Build Your Own Food Chain!

Use the organisms below to draw a 5-step food chain. Draw them in order to show "who eats whom."

1. **Producer:** Sun and grass
2. **Primary consumer:** rabbit
3. **Secondary consumer:** fox
4. **Tertiary/apex predator:** eagle
5. **Decomposer:** fungi (or mushroom)
